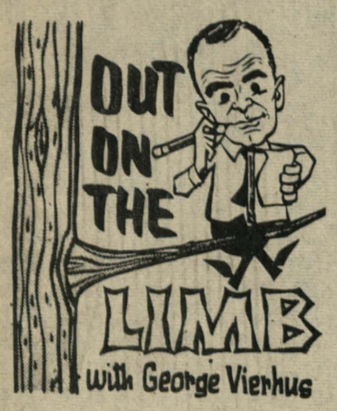
Vol. 74 No. 50 Wednesday, December 28, 1966



PRESENTING a pictorial review for the year in the last issue serves many useful purposes.

Not only does it help recall the activities of the year that affected the community but it also helps the staff get the issue on the press during the confusing and somewhat disorganized year-end holiday season.

Obviously there is a problem in the selection of the pictures that will appear, for in the 51 preceding issues hundreds of photos were used.

And, incidentally, very few people will have the same idea on what pictures are truly representative.

But it is sort of fun to dig 'em out, in a sort of nostalgic way.

-0-

WITH THE REVIEW, of course, there should be some sort of a prediction made of what is to be expected in the next 12 months.

But we are skipping that phase.

About one week ahead has become our limit.

We leave 1967 to the experts in the field.

There are many who make a habit of forecasting, including government, banking and industrial people.

Most of the forecasts we have run across so far appear to be optimistic in their outlook, we are happy to report. We hope they are right and a little of it rubs off on you and us.

In PG&E's "Market Outlook", a business rise is predicted, supported by many elements of strength in economy."

Wells Fargo forecasts "continued California prosperity in 1967." The bank adds a cautionary note, however, that "the rate of advance will be somewhat slower than in 1966"...

-0-

THERE ARE SOME, of course, who feel that they have very little reason to celebrate the birth of the New Year, if 1967 is going to be like 1966.

This is especially true of those who were bruised from being entangled in the "tight money" situation.

But we have yet to hear anyone at the stroke of midnight on Dec. 31 wish other than what we from The Press now say to you: HAPPY NEW YEAR.

IN A RECENT COLUMN, we commented on the receipt of an unsigned letter in which the writer had misinterpreted the recent action of the City Council that set up salaries for councilmen.

The writer commended Councilman Ed Rogers for his opposition when actually Ed only questioned the legality and not the principle. That has been made clear in the council minutes.

We intimated that the anonymous note must have come from a LOL (the proverbial "little old lady"). We meant

MAKING IT OFFICIAL--City councilmen and Jaycee officials took part in dedication Friday of this city's smallest but most complete park. As a civic project, the Jaycees installed improvements in the tiny park, between the two walnut trees at Campbell and Harrison. The trees have become this city's landmark. Taking part, left to right, were Mayor Ralph Doetsch; Bob Dalzell, Jaycee president; Dave Norman, Jerry Duncan, Jaycee officers, and Councilmen Ed Rogers and Charles Rose. In the chair is Mrs. Gertrude Stanford, 39 N. Central, Campbell pioneer.

SWEARING IN--City Clerk Dorothy Trevethan administered the oath of office on Tuesday to Ralph Doetsch (left) and Homer Hyde, who were reelected to the City Council last Tuesday. This marks the seventh time that City Clerk Trevethan, who was also reelected to her fourth term last Tuesday, has performed such a chore City Attorney Joe Bonacina swore in Mrs. Trevethan. Mrs. Velma Olds, city treasurer, also took office Tuesday for her third term.

NOW YOU KNOW--For the first time since it was installed, as far as can be determined, the thermometer at the First National Bank in the Campbell Plaza soared past the 100-degree mark. The photo was taken at 2:10 p.m. Monday, June 13.

Editorial

Tempus fugit

In the last issue of the year, it is customary for an editor to review and predict.

We have been doing that in Campbell for some time now.

So we checked the files.

Just 10 years ago, (Dec. 27, 1956) the editorial was entitled "We Review and Predict".

You will agree, we think, that its contents, a decade later, serve almost equally as well for 1966:

WE REVIEW AND PREDICT (CIRCA 1956)

It is in keeping in this last issue of the year to review and predict.

It is almost a tradition for editors to attempt to prove that the happenings of the past 12 months will have a tremendous bearing on the next 12 months.

Of course, in many cases such "proof" does nothing but prove how wrong we all can be.

Yet as we look in retrospect over the achievements, the headaches, and the disappointments of the year, as far as Campbell is concerned, we feel we can make one flat prediction for the next year.

To wit: there will be more of the same in the next 12 months.

We may not be able to specify the chapter and verse, but we certainly can outline the big picture for the area, as far as the next year is concerned. It does not take a crystal ball for that.

For example, without fear of contradiction we maintain that the growth pattern that has been in effect during the past few years will continue at an even more accelerated pace than heretofore.

Because of this growth the problems that have confronted the community in the last 12 months will become even more pronounced in the next year.

More and more we are sure that it will become evident that an overall plan with a definite objective for the future of Campbell must be ascertained.

It will be necessary, we feel, to have the face-lift project which has been started in downtown Campbell continue even more vigorously during the ensuing months.

Campbell located in the hub of the Santa Clara County cannot stand still. We will be affected by this tremendous growth whether we like it or not.

Business people who want to play ostrich and stick their heads in the sand, ignoring what is going on around them, may find that they have been by-passed and will wither on the vine.

We feel that the new year will see great strides made in civic betterment by the City of Campbell. We know that many residents of the city are unhappy because they feel that Campbell overnight has not become the model city of the land.

Campbell has the potential. But it will take patience, good planning, cooperation and plenty of common sense to reach the goal for which we all must strive.

In this editorial we have attempted to convey the feeling that we are optimistic over the city's future but that we know that there are many hurdles that must be crossed.

Yet we are confident that these hurdles will be cleared and the Campbell of the future will be a community of which we all can be proud.

This is our New Year's message, a prediction and a review so to speak.

The review shows we have come quite a distance... The prediction maintains that the future is bright.

nothing derogatory in the use of this common descriptive term.

But we are sorry to report that we now have one less LOL as a subscriber, although we still don't know her name.

Refusing to give her name to the gal who answered the phone, a caller who said she was the LOL referred to in the column cancelled her subscription.

But she did give Lesley her street address.

We will split the loss with the paper boy on the route, after all he doesn't write this column.

There are times, of course, maybe he should. (who said that?)

AT A RECENT City Council meeting, a casual observer of the proceedings might have thought that an optometrist was needed.

Mayor Ralph Doetsch in casting an affirmative vote claimed his was a "weak aye".

Naturally there were comments from Ralph's fellow councilmen concerning his need for new glasses.

But, as all the councilmen unfortunately know only too well, there is no place in the record for a modified vote...it appears as just a plain old "aye" or "no".

And there is nothing in between.

-0-

"TOWN vs. GOWN", is an age-old term used to describe relations between school and community that apparently originated in England during the 13th century at Oxford.

Now some seven centuries later Campbell has a "town vs. gown" situation developing with West Valley College and the community involved.

After three years in "temporary" quarters in the old Campbell Grammer School, the college's future as far as Campbell is concerned is still indefinite.

For that reason the relations between the college and the city administration are becoming a wee bit strained.

Still friendly, to be sure, but a little stretchy in spots, one could say.

-0-

NOT HELPING the situation, of course, as far as the residents near the college are concerned is the parking problem on the residential streets created by the mobile college students of today.

But the real issue as far as the city is concerned involves the term "temporary" which has become slightly odious at the city hall.

Campbell city officials recognize the problem that confronts the college in finding space for the students without having any bond money.

They recognize also that movable classrooms on the Campbell as well as Saratoga site are necessary to house the students, especially when one of the old grade school buildings cannot be used.

But city officials resent being used for an indefinite period (years hence) and then cast aside like an old shoe when a permanent campus is built.

Until the college board changes its approach in Campbell from the "temporary" to a "permanent" basis concept, city officials will continue to look upon the college as an "outsider". That will not improve the "town-gown" relations.

Councilmen admit that the new movable classrooms planned are as attractive as many permanent buildings.

And, if the college would put its roots down in Campbell, there might be ways even to improve the parking problems.

But "temporary"?

-0-

THE ARCHITECT'S drawings of the movable buildings include olive trees around them (in temporary stands, of course!).

Maybe this could be a good omen for the new year.

The situation even now could stand an olive branch or two.

Letters to the Editor

WHICH WAY

Gentlemen:

This is in response to your recent request for comments on proposed action on Campbell Ave.

Mrs. Currie and I own a building on Campbell Ave. occupied by Blue Bell Cafe and Salvation Army. These people are able to pay a reasonable rent. The cafe has been there nearly 20 years.

Recently there have been a rash of disturbing issues brought up. We wonder if good judgment is being used and these things properly analyzed.

The proposed parking district would have levied an assessment of around $125 per month on our property. We would have had to raise rents to cover. We know the tenants could not have paid it. We would have had a vacant building with no chance of recovering losses.

Is it possible that tenants push for increased costs without realizing that they are the ones who have to pay in the form of rent?

Right now - if parking is properly restricted two blocks each side of Campbell Ave. - the parking problem will be minimized.

With all respect to students and downtown workers, they should not be allowed to use these spaces for all-day parking.

Regarding the use of Campbell Avenue as a cross county thoroughfare:

Why, within all terms of reason, should it be considered the duty of the City of Campbell to encourage this traffic right through our main street?

Those cross-county travelers have no interest in doing business in our city. We do not see other cities destroying their business sections for such purposes.

Having four lanes of traffic on this street will hurt everyone. No one in his right mind will take his eyes off of his driving to admire some store sign or window display.

People on foot, trying to do business with us will not fight four lanes of through traffic to cross our streets. They will shop elsewhere.

The suggested no parking on Campbell Ave. from First to Harrison is strictly unfair and will ruin those two blocks.

Right now - there should be traffic lights at each intersection so timed that through traffic will learn to use other through streets and people with errands in downtown Campbell will be able to get there and park.

The further development of the Civic Center will no doubt beautify this section (at taxpayers' expense). However, it is not the custom of retail business to prosper or even try to do business close to civic centers, professional offices or mortuaries.

Such businesses have a perfect right to operate and choose their locations. We need them - but they do not draw retail trade to the vicinity.

The future of this section may be apartment house occupancy. The tenants thereof will do their important shopping as usual - where the large stores and markets are located.

I have noted suggestions that downtown Campbell be developed as a "Gateway" to Campbell. A pretty name, but for what reason will people go into downtown Campbell just to pass through this "Gateway"? Campbell Ave. and its environs are not located as a gateway.

The gateway streets are Winchester, Bascom, Hamilton, Camden etc.

Downtown Campbell is in a pocket and will always be that way unless the whole town is ripped up and reoriented.

Street Lights and Underground Utilities: What in the world are bright lights needed for in this spot. The offices and stores are not open after dark except about one night a week.

Of course buried wires are fine in new sections, but again - do we have to get rid of something that has not hurt us in the past?

Let us not uproot the small businesses. Let us not demand that we people who have paid taxes for many years and maintained our property standards be ruined by bright eyed visionaries willing to spend the other man's money.

Why make Campbell Ave. or even Latimer a raceway - require us to uproot our tenants who also have to make a living.

I realize and others should realize that Campbell Ave. is not and will not be an important retail street. We used to have two drug stores, two grocery stores, two hardware stores and others. Now a few small stores and several offices etc.

Finally - let us not forget that our Country is in a serious war and we do not know what the future holds. There has already been hints of rationing. Money is costly. Building is costly. Either inflation or depression are not impossible. Let us use our heads.

Very truly yours,

A.C. Currie

THE PRESS REGRETS

Dear Sir:

One of your items in the "15 Years Ago" column affected me deeply as it was an account of a missing Navy plane during the war in Korea. The plane, of which our son, Donald, was navigator, was shot down by a Russian plane and all of the men aboard were lost.

The plane and the men were listed as "missing". At the time, the Campbell Press carried the story. Several months later the men were declared missing and wives and children were able to collect insurance.

Apparently the Campbell Press employee who wrote up the story the second time misunderstood the situation and said, "The parents reported their son missing." It was the Navy, not the parents, who reported him missing.

Through the years this thing has come up several times, always giving the impression that our son was a youngster who ran away from home. He was married and had a wife and baby at the time. He had planned to make a career of the Navy.

Yours truly,
Mrs. Harry A. Smith
33 Sunnyside Ave.
Campbell, Calif.

THIS TIME IT'S RIGHT--Mrs. Betty Grizzle (left) and Mrs. Edith Morley are both members of the Campbell Parks and Recreation Commission. Mrs. Grizzle was recently reappointed to a new three-year term on the commission. In last week's issue we ran Mrs. Morley's picture and wrongly identified her as Mrs. Grizzle. Such errors sometimes occur when pictures of strangers are published. But your editor's face is especially red in this case, as he has known both gals for more than 10 years. We humbly extend our apologies to both.

Three new cars almost start city hall musical chair game

Before the Campbell City Council at a recent meeting authorized the purchase of three new vehicles, it appeared that the city was playing a game of musical chairs--on wheels.

Purchase of three vehicles had been authorized in the 1966-67 fiscal year budget. But the final action of the council involved some inter-departmental juggling as to what cars were going to go where.

Councilmen agreed that City Manager Bob Stephens recommendation made sense, even if it was a trifle involved.

Basically here is what happened (we think) in the mobile musical chairs game:

Stephens explained that it was found that the pickup truck that had been authorized for Ken Hickman, street superintendent, would not be as practical as a sedan.

Therefore, Stephens proposed to transfer the city manager's Ford sedan to the public works department for Hickman's use.

Two Fords would be purchased from the state on a package deal; one to be used for the detective unit of the police department and the other to be assigned to the city manager's office instead of the public works department.

The council also authorized that open bids be requested for a police patrol vehicle to determine how the price compares with the State on the Ford package deal that outside agencies could get.

Stephens added that with open bids, it would be possible to arrange for a trade-in of the present police vehicles which would not be the case with the State.

After the staff recommendation had been explained several times, the council officially approved the action in form of a resolution.

"The resolution is necessary," Stephens noted, "to provide for the transfer of funds from the Street Department to the City Manager's budget, and the transfer of the present vehicle from the City Manager to the Street Department."

The councilmen figured that the city manager just had to know what he was doing in the musical chair game he was conducting.

If he didn't, who would?

December nuptials for Carolyn Archibald

MR. AND MRS. DONALD CARL FLOHR

Our Lady of Mt. Carmel Catholic Church Redwood City was the setting for the marriage of Carolyn Mae Archibald, formerly of Campbell, and Donald Carl Flohr. Monsignor Joseph Munier officiated at the 2 p.m. ceremony.

The lovely blonde bride was given in marriage by her father. Mrs. Susan Johnson of San Jose was the matron of honor, and bridesmaids were the Misses Sandra Charlton of Saratoga, Jane Nolte of San Jose, and Mrs. Arlene Scallon of San Jose.

William Flohr of Santa Rosa, the bridegroom's brother, served as best man. Ushering duties were performed by Melvin Flohr, also a brother of the groom, William Reagan and William Archibald, the bride's brother.

Carolyn chose a beautiful antique ivory satin gown trimmed with seed pearls over appliques of chantilly lace. The gown featured a sabrina neckline, and chapel train. Her matching elbow length illusion veil fell from a pearled organza petal cap. She carried a bouquet of orchids and ivy.

The matron of honor and bridesmaids made a striking picture in floor length gowns of cranberry red with matching brocade coats. Their bouffant veils of the same color were secured with clusters of velvet petals and they carried bouquets of small garnet roses and ivy, centered with orchids.

A reception for 300 guests was held in the Redwood Room of the Veterans Memorial Building in Redwood City.

The new Mrs. Flohr is the daughter of Mr. and Mrs. Winfield L. Archibald of Redwood City and the granddaughter of Mrs. Eva Archibald and the late Roy Archibald of Campbell. She is a graduate of Campbell High School and San Jose State College, Class of 1966.

WORK BEGINS ON BUDD AVE.--The long awaited improvement of Budd Ave., gets underway as Pacific Gas and Electric Company men prepare to remove power poles in anticipation of the widening of the street. GROWING PAINS--West Valley College opened in September, 1966 for the third year in the "temporary" quarters, the old Campbell Grammar School at Campbell Ave. and Winchester Blvd. During the year the space problem was compounded by the bond issue defeat at the polls (Nov.) and the need for more movable classrooms on the Campbell campus

NOVEMBER

WHEN THE LIGHTS WENT ON--Traffic signal lights at Winchester and Budd began operating last week and the stop-go controls are expected to improve the traffic flow at that busy intersection, as well as from other side streets onto Winchester. The "in" and "out" driveways at the St. Lucy's parking lots have also been reversed so that "out" traffic from the parking lot will have the benefit of the signals.

OCTOBER

TREE PLANTING PROJECT--On Friday, joint endeavors of the Hazelwood Home and School Club, Hazelwood children, a local nurseryman and the Pacific Telephone Company, resulted in the planting of 127 pine trees around the perimeter of the school grounds.

MAY

THIS IS THE DAY--On May 11, 1903, President Theodore Roosevelt visited Campbell and planted a redwood tree. For more than 60 years the tree stood at Winchester Blvd. and Campbell Ave. but it had to go when the intersection was widened. Approximately five years ago, Larry trict superintendent, removed a burl from the tree. The burl now has grown into a three-foot high tree.

On the 63rd anniversary of the original tree planting (today), a group of local dignataries planted the Roosevelt Redwood's offspring in the lawn of Campbell High directly across from the original site. Taking part in the ceremony were (left to right) William Lloyd (with shovel), high school board member for 24 years; Hill; Bob Culp, high school principal; Mayor Ralph Doetsch and Dick Hardy, C. of C. president.

SEPTEMBER

QUITE A MENU--The above pictured sign, offering a rather unusual combination of services on the Bill Harrison building at 2065 S. Winchester, must be removed before a new sign "Betty's Inn" can be placed on the face of the building, according to a Planning Commission ruling.

Harrison, a local realtor, also has offices in one portion of the building. Harrison's appeal from the commission ruling is on the City Council's agenda for Monday, Sept. 26.

1 YEAR AGO

Patients at the Shady Acres Nursing Home at 531 N. Central Ave., Campbell, will not be forgotten this Christmas season, if the Campbell Jaycettes and Jaycees have their way. Each patient will receive their own Christmas tree decorated by the Jaycettes.

Santa Clara County Health Department announced today that ice balls imported from Hong Kong have been banned from sale in California.

Action on the long-awaited, much discussed and much maligned so-called gas station control ordinance will be the only sour-note to mar the otherwise spirit of good-fellowship of the season that generally prevails at this season of the year at the final city council meeting of the year.

5 YEARS AGO

A building permit for $850,000, the largest ever granted by the City of Campbell, was issued this week to the John Breuner Co. of Oakland, for the construction of a retail furniture, appliance and home furnishing store on Hamilton Ave. just off the freeway.

An emergency first aid station, packed in cartons and weighing 2 1/2 tons was delivered by the Santa Clara County Civil Defense office to the City of Campbell last week.

Don F. Hamm, of 916 La Plata Plaza, Campbell, last Saturday at the Campbell library became the 10,000th registration at the local library since the new system of registering patrons was put into effect Dec. 10, 1959.

10 YEARS AGO

The city councilmen, meeting for the first time Monday in the new hall on Central Ave., heard Mark Thomas, city engineer, report that a bundle of plans had just been received from the State Department of Highways, showing the course of Route 5 freeway from Los Gatos to Bascom Ave. in San Jose.

San Jose civic leaders took the defense in a panel discussion Thursday evening on the TV program "Decision" involving deliberately planned annexations. Mayors of Campbell, Cupertino and Saratoga challenged some of the maneuvers in which San Jose had taken in bulging their boundary lines.

Sharp-eyed Campbell merchants and Campbell Police, in cooperation with Santa Clara County Sheriff's Department Detectives, teamed up this week to nab a San Jose man and woman reputed to have passed close to $2000 worth of bad checks in this area.

15 YEARS AGO

The legality of living in a garage was brought before the Santa Clara County Board of Supervisors Monday by residents of Esther Ave. when they asked the board to abate use of such dwellings which they had previously allowed because of the housing shortage in 1946 and 1947.

The county board of supervisors have set March 11 as the date of a special election to decide the issue of incorporation for the Campbell area.

The County Planning Commission has recommended that school authorities reconsider the site of the proposed new Hamilton School on Hamilton near Central at a meeting Wednesday afternoon. The planners asked Chester Root of the commission to arrange a series of conferences with school officials and the planning commission to discuss the matter.

B of A reports on new concept of mobile homes

Modern mobile living is on the move in more than one way--the "trailer camp" of the 1930's has evolved into todays' "mobile home park."

This more prestigious image is still developing, according to Bank of America, but not without some pitfalls.

In the latest issue of its Small Business Reporter, the bank states:

"Mobile home living will undoubtedly continue to broaden its appeal in California. Two groups well suited to it--senior citizens and young marrieds--are both expected to increase rapidly in the next few years. In addition, business and industry are demanding greater mobility of their employees.

"Indeed, mobile home sales are being held back more by the scarcity of good parks than by the lack of interested customers."

A key aspect of the changing image of mobile home parks is the increasing emphasis on attractive landscaping and recreational facilities, the report points out.

Even so, the mobile home park usually faces local zoning problems since there is still a reluctance to recognize the new parks as residential developments rather than trailer camps.

Bank of America continues, "The great advantage of mobile units for homes is that they can be completely prefabricated and furnished in the factory. They can then be towed to the site on their own wheels.

"This is a concept with exciting potential. It could be in California that the mobile home industry, aiming at national sales of 400,000 units annually by 1970, will best realize that potential."

Copies of the report are available through the local Bank of America branch, according to Oscar Sorenson and D.R. Kennedy, local managers.

ON CAPITOL HILL

with "Charlie" Gubser

When Congress reconvenes, the Democratic Leadership will probably use every device to avoid a head-on meeting of the Adam Clayton Powell issue. But it may be unavoidable. Representative Lionel Van Deerlin (D-San Diego) has announced his intention of offering a resolution to deny the controversial Harlem Congressman the right to take his seat and chances are excellent that he will succeed.

From a strictly legalistic and constitutional point of view I have serious reservations about denying any man who is legally elected by his constitutuents the right to serve in Congress.

The third paragraph of the Constitution outlines the conditions under which a person cannot be a Representative. He cannot serve is he has not "attained to the Age of twenty-five Years, and been seven Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State in which he shall be chosen." Clearly Adam Clayton Powell is not disqualified by any of these restrictions since even his long absences from New York while he stays in Puerto Rico have not been declared by the State of New York as disqualifying him as an "Inhabitant of New York.

Those who believe the House has the right to refuse Powell his seat rely on Section 5, Article I of the Constitution which reads, "Each House shall be the Judge of the Elections, Returns, and Qualifications of its own Members,...." --But no person has alleged that Powell was not legally elected nor has the authenticity of the election returns been challenged. Perhaps the House does have the right to say that because of his troubles with the law Powell is not "qualified" to write laws, but in such a case the House would be setting itself up as a judge of moral conduct to replace the sovereign right of a constituency to judge conduct at election time. The colorful antics and cavorting of Adam Clayton Powell have been well publicized, yet his constituency reelected him overwhelmingly. Since his indiscretions were committed prior to the election and not afterwards this raises the question of whether Congress has the right to veto a vote of the people.

Another section of Article I, Section 5 of the Constitution says, "Each House may..., punish its Members for disorderly Behavior, and, with the Concurrence of two thirds, expel a Member." But this doesn't justify denying Powell his seat because the 90th Congress won't come into existence until January 10. Certainly it cannot apply "ex post facto" judgment to punish a man for an act he committed before the 90th Congress came into being. Furthermore, he was not a "Member" at the time he committed the "disorderly "Behavior" -- nor was any other person. The 90th Congress cannot extend its authority retroactively.

It seems like I have presented a good legalistic argument favoring the seating of Representative Powell. Yet I intend to vote against giving him his seat for a reason which may not be legally sound but is nevertheless a good one.

The conduct of Mr. Powell, and particularly his handling of his office and committee payroll and his authorization of payments to his wife who lives in Puerto Rico, has brought discredit to the Congress and has destroyed American faith in a basic part of Democracy. Despite technicalities and constitutional niceties to the contrary this is too serious to be ignored.

Alquist to ask for toll plan for Highway 17

State Senator-elect Alfred E. Alquist (D-San Jose) has announced he will ask state highway officials to consider a "pay-as-you-drive, user-repayment" toll system for Highway 17 as the fastest means of elevating it to full freeway status between Los Gatos and Santa Cruz.

Alquist said he intends to introduce a resolution in the State Legislature next month calling on the State Division of Highways to study the feasibility of setting up a special tax district to collect tolls from users of the main artery between the Santa Clara Valley and the coast.

"I realize this proposal would normally not sit well with Californians, who have traditionally enjoyed use of toll-free highways," Alquist conceded.

"If the best and fastest answer to our problem means bending our traditions a bit, then perhaps we'd better start bending," he declared.

The San Jose legislator said state highway engineers tell him actual construction from start to finish will take five years.

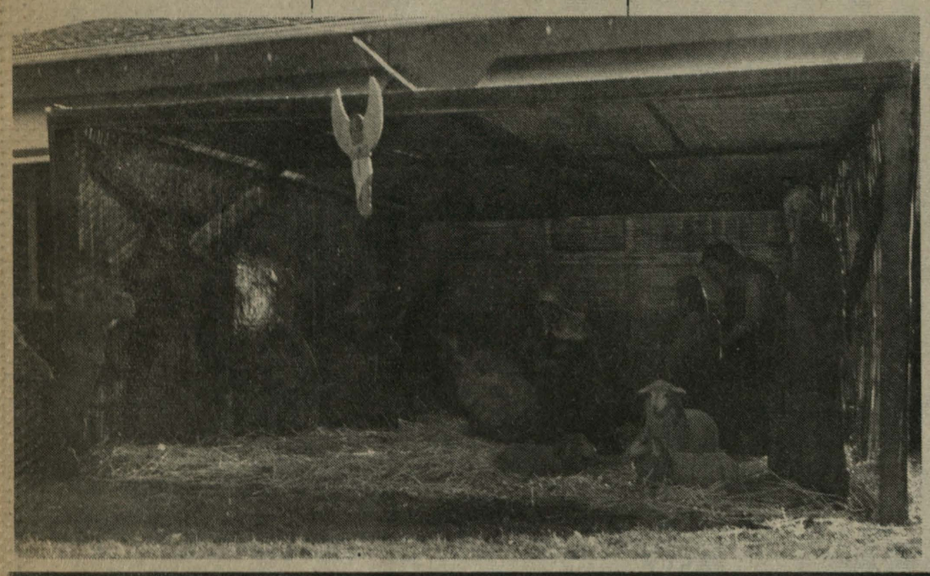
IN HIS CUPS!--Harvey Swenson, Campbell Drug and Pharmacy pharmacist and Decoration Coordinator of the recent Home Lighting Contest, points to the place on the cup where the inscriptions for contest winners will be placed.

Four winners were named last week, and pictures were presented in The Campbell Press of the scenes and homes. Below is shown the manger scene of Mr. and Mrs. Hal R. Gibson, 868 Sweetbriar Dr., Campbell. The photographer had taken a photo of a home with the same number, but on the street next to Sweetbriar (Briarwood), home of Mr. and Mrs. Lowell Benson, and it was published in error.

Mr. Swenson told the Press that cups with appropriate inscriptions will be presented to the winners by a representative of the Campbell Shopping Center Merchants Association, sponsors of the Christmas Home Decoration Contest.



Motor vehicle owners get reminders of licence fees

Owners of 12 million vehicles licensed for operation on California streets and highways in 1966 will receive reminders this week that 1967 registration will be due early in the New Year.

The electornically processed renewal statements were to be mailed on Dec. 27, for delivery throughout the state in the days immediately following.

"California motorists are thoroughly familiar with the procedure required by state law," Tom Bright, Director of Motor Vehicles, commented in Sacramento recently. "Modern automation makes it possible for the Department of Motor Vehicles to handle the applications and account for the fees paid by vehicle owners in the first month of every new year.

Bright said the fall of holidays and weekends in 1967 makes it necessary to start a day late and run the renewal eligibility period later than usual. "The official opening of the renewal period in our field offices is at the start of business, 8 a.m. on Tuesday, Jan. 3, due to the fact that Monday, Jan. 2, is a holiday. The service will officially end at close of business on Monday, Feb. 6. Applications received after that date will be delinquent, and subject to penalty as set forth in the law."

Field offices will maintain office hours from 8 to noon on all Saturdays between Jan. 3 and Feb. 6. The special driver licensing service offered in some metropolitan areas after 5 p.m. on one or two days a week, will be temporarily interrupted during the renewal period.

COOL SEASON CHARMERS--CYCLAMEN

If you're looking for something special to brighten your winter garden-indoor or out--try the Florist's Cyclamen. These cool season charmers will bloom from the time you buy them in a nursery this month right through the winter and spring, sending up a seemingly endless succession of blooms.

The Florist's Cyclamen is primarily an indoor plant or one for lanais and porches throughout much of California, but it can be grown successfully outdoors in milder areas along the coast and in sheltered garden spots free from frost inland. According to the California Association of Nurserymen, it is often hardier than some give it credit for being.
